

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF HESPERIA**

NAME: PAUL BOSACKI

AGE: 52

OCCUPATION: Postal Carrier

After living and working in Hesperia for 26 years, I believe the City Council has forgotten who they work for. It's time for a change. Hesperia can do better.

I started paveroadsfirst.com to increase the amount of paving in Hesperia.

If elected, my plans are:

Establish yearly goals and plans to provide Basic Services- Police- Fire- Roads-Water. Fund public services to match goals and plans.

To secure Hesperia's fair share of property taxes back from the County to fund basic services. Apple Valley gets **9 %** returned, Hesperia gets **1.6 %**.

Justify all spending programs by explaining how they benefit the community. How are they needed more than basic services not provided now? What is the return on investment? How and when will the community benefit?

Make basic public services the City priority. Work on and solve existing problems before other issues.

I will call for an audit and public disclosure of all City spending programs. Wasteful, special interest programs should be eliminated. Tax money is needed to solve Hesperia's problems, not loaned or given to developers.

Vote Paul **Bosacki** for Hesperia City Council
